Ross did not insert the above. He is inserting it into the complexity of things a huge desire to meet the man who paid for the printing of the ad. in all the Sunday papers. Mr. Ross is about to become a benedict and as his fiancée is reputed to have considerable wealth it is the opinion of Ross that some of his friends are trying to put over a practical joke. ARNOLD CASE A YET MYSTERY.

Mother Ignorant of Girl's Fate.

Arriving From Europe, Son Permits Reporters to Ask Just Two Questions.

Emphatic Denial of Rumor of Consent to Marriage to Griscom, Junior.

Brother Declares All Search Has Been Abandoned as Utterly Hopeless.

[ASSOCIATED PRESS NIGHT REPORT.] NEW YORK, Feb. 12.—The end of the mysterious story of Dorothy Arnold by no means has been reached.

The romantic turn given it yesterday by George S. Griscom, Jr., in the expression of his confidence that the young woman is alive and in his possession of intention of marrying her if possible, was given a contrary twist today by the arrival home from abroad of the missing girl's mother, Mrs. Francis R. Arnold.

In reply to the only two direct questions her son, John W. Arnold, permitted reporters to ask her, Mrs. Arnold denied even circumstantial knowledge whether her daughter is dead or alive and emphatically declared she had not given consent to a marriage between the girl and Griscom.

Mrs. Arnold came home on the steamer Pannonia after having spent three weeks in Florence, Italy, where she went to confer with the Griscoms regarding her daughter's disappearance.

Her eldest son, John, went down the bay on a revenue cutter this morning to meet her and it was agreed among the reporters that none should seek to interview Mrs. Arnold before the son had talked with her. Arnold was in conference with his mother more than twenty minutes and when he emerged from her stateroom said:

"There is nothing to say. My mother has nothing to tell you. She is upset by the circumstances and I wish you would not ask to see her."

The son, however, hesitatingly consented to the submission of two direct questions to his mother. She was found seated in her cabin with the Misses M. L. and M. E. Arnold, and with a bow acknowledged the apologetic explanations that some statement of her was desired.

"Have you," was asked most formally, "at any time since your daughter's disappearance, received any definite information that would lead you to believe that she is dead or alive?"

In a very low voice, the mother replied: "No, none. I have received no word that would tell me whether she is alive or dead."

"Have you," was asked, "given your consent to a marriage of your daughter, Dorothy, to Mr. George S. Griscom, Jr.?"

"No, certainly not," the reply came quickly, and in a firm voice. "Young Arnold shielded the women of the party from further questioning, discovering one of the Misses Shackelford replying to a question, he cautioned: 'You must not talk,' and ushered her into the stateroom."

Francis R. Arnold, the millionaire head of the family, and his younger son, Hinckley Arnold, boarded the vessel as it tied up at its pier and shortly afterward the party drove in a taxicab to the Arnold home. As to future plans, young Arnold said, "We have none."

"Does that mean you have given up the search?"

"Yes, that we have exhausted every means we know of to find Dorothy."

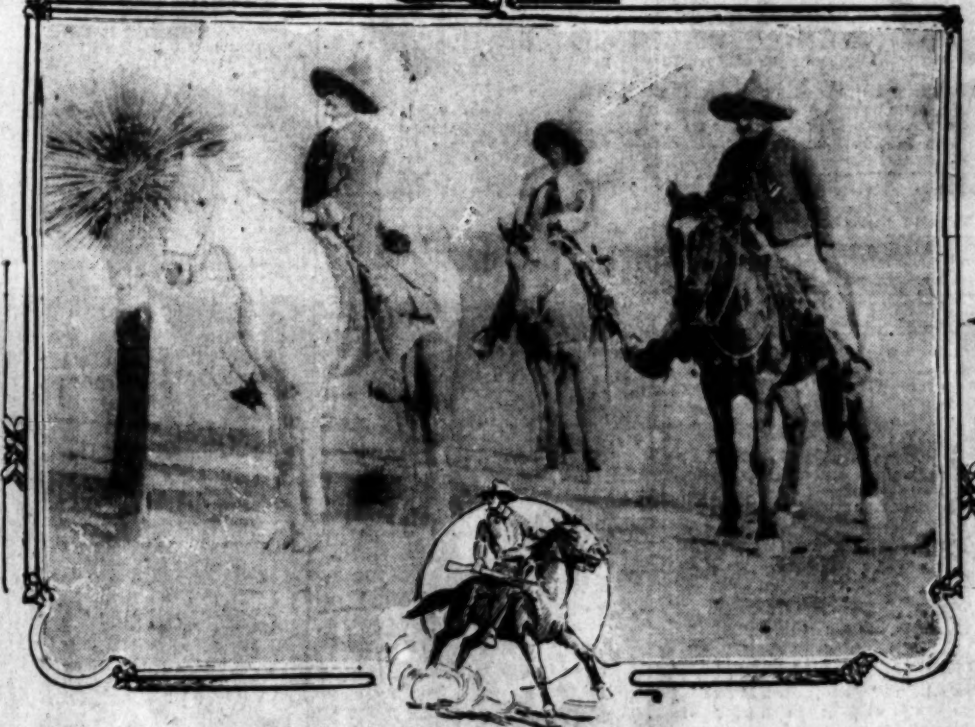

"Do you expect to go to Atlantic City or Philadelphia?"

"No, certainly not. My mother will remain at home for several weeks' rest."

"Do you expect Mr. Griscom to come here to consult you, or do you expect to be in communication with him?"

"No, indeed! Why should we?"

day in the search for Miss Dorothy Arnold and it is believed the case is over, so far as Atlantic City is concerned.

George Griscom, Jr. of Pittsburgh, who yesterday announced his engagement to the young woman and whose name has been linked with hers ever since she disappeared, refused to see newspaper men or discuss the case. He remained in his room at a hotel nearby all day.

When a reporter for the Associated Press endeavored to tell him over the telephone of the arrival in New York of Mrs. Arnold, he refused to receive the message.

It is not thought Mrs. Arnold would come here, as it is known that no hotel accommodations have been reserved for her.

SON'S BLOOD IN MOTHER'S VEINS.

SUCCESSFUL TRANSFUSION OF LIFE-FLUID.

Indiana Man Travels to Philadelphia, Where He Sacrifices Himself That Parent May Live—Nineteenth Operation of the Kind Known to American Surgery.

[BY DIRECT WIRE TO THE TIMES.] COLUMBUS (Ind.), Feb. 12.—[Exclusive Dispatch.] Walter Santibañez, a business man of this city, has just returned from Philadelphia where he saved the life of his mother, Mrs. Mary Wolfe, by submitting to the transfusion of two quarts of his blood into her veins.

For fifty-five minutes the blood from the son flowed into the veins of his mother, while the latter's pallor gradually lessened and the former grew pale.

Two days later the mother was operated on and so successful was the operation that it is expected the patient will be up in a few days. Mrs. Wolfe, who is 46 years old, has not yet been informed that her son gave up his blood that she might live. Forty-five minutes after the transfusion of blood the son walked to surgery.

This is the nineteenth operation of the kind known to surgery.

WANT GOLDEN RULE MAN.

Head of Cleveland Police Force Considering Offer to Come Here to Manage Municipal Farm.

[ASSOCIATED PRESS NIGHT REPORT.] CLEVELAND (Ohio) Feb. 12.—Chief of Police Fred Kohler, known throughout the country as the "Golden Rule Chief," received today an offer to go to Los Angeles and take charge of the police department there in co-operation with the Rev. Dana W. Bartlett, who was recently placed at the head of the police in the California city.

The Rev. Dr. Bartlett, who sent the invitation, also wishes Chief Kohler to organize a work farm for convicts similar to the one at Warrenville near here.

Chief Kohler is considering the invitation, although he says he does not care to leave Cleveland.

Rev. Dana W. Bartlett was seen last night with reference to the above dispatch and stated that he wrote Chief Kohler at the request of the Police Commission, asking him if he knew any one especially qualified to take charge of the proposed municipal farm.

"That is all there is to it," he declared. No offer was made Chief Kohler to become head of the police department, but the Police Commission wants a good man to run the farm on the golden rule principle which Kohler is familiar with, and at which he appears to have made good with prisoners in his city.

REBELS LOOK FOR TROUBLE.

Burn Customhouse on Boundary.

Insurrectos Control Mexico, With Federal Troops on Way for Attack.

Wildly Exaggerated Reports Flying as to Strength of Both Sides.

Americans Flock to Calexico to Witness Staging of Coming Fight.

[BY DIRECT WIRE TO THE TIMES.] ALEXICO, Feb. 12.—[Exclusive Dispatch.] The insurgents before daylight this morning burned the Garrita, the line boundary customs-house in Mexico. They said that the Frontiera Aguana, or regular customs-house, would have been burned at the same time had the wind not been so high that they feared the town would burn.

The couriers sent out by Gen. Leyva bring back the news this afternoon that the horsemen seen through the glasses all morning and late last evening, are Mexican soldiers. In the excitement prevalent they gave the figures all the way from 100 to 600 men. It is probable that they number something like sixty men. An attack is expected tonight on Mexicali.

The insurgents have stationed their troops in a line a mile long on the north bank of the New River just south and west of Mexicali and Herold states that this will be his position until he is attacked by the Federalists and that he will not go out into the country to hunt the fight. He wishes to retain Mexicali as a training point in order to leave open a source of supplies.

The men are receiving provisions purchased on this side of the line every day. They have their headquarters in the Plaza de Toros, or bull ring. A guardhouse has been established and they have two prisoners in jail, two Mexicans, who made some disturbance last night in Mexicali.

A number of American boys have joined the revolutionists. They are mostly from the line, in the Colorado and the promise of \$500 gold and 100 acres of land in case of success looks good to them. Gen. Leyva yesterday had sixty-five extra rifles for recruits. These have all been given out and there are still many who are sympathizers who are without arms.

The force has nearly doubled since retaking Mexicali yesterday morning. Hundreds of visitors are in Calexico today from various points hoping to see the battle which is likely to occur at any time.

FRANCIS S. MCCOMBS IS SEATTLE PRODUCT.

[ASSOCIATED PRESS NIGHT REPORT.] SEATTLE, Feb. 12.—Francis S. McCombs, the leader of a detachment of Mexican insurgents in the battle at Mulato, is the son of Mr. and Mrs. James McCombs, wealthy retired farmers, who live two miles north of Seattle.

Francis McCombs, who is 37 years old, was born in Seattle and was always seeking adventure and has served as a soldier of fortune in many wars. His first military experience was in the war between Turkey and Greece in 1897, when he enlisted on a Greek warship and served through the war. From Greece he went to England and shipped as mate on a vessel in the Central American trade. At the outbreak of the Spanish-American war he hurried to New York and enlisted in the navy, serving on the cruiser Columbia.

After obtaining his discharge from the navy he returned to the sea, serving as a mate on a vessel in the Australian trade.

When the Boxer rebellion in China broke out, he allied himself with a number of Englishmen. Following the termination of the Boxer troubles, McCombs again entered the mercantile firm, only to leave it when a revolution broke out in Nicaragua. He served under Madriz during the rebellion and at its close returned to Seattle.

He remained here until last fall, when he went to Mexico to join the insurgent forces.

LOSES WEALTH; GOES TO JOIN INSURRECTOS.

[BY DIRECT WIRE TO THE TIMES.] SEATTLE (Wash.) Feb. 12.—[Exclusive Dispatch.] Bereft of father, mother, sister and brother, the last of a family known and respected for years in Bellingham, his income from his realty holdings reduced almost to nothing as a result of the local option election, Thomas F. Monahan, who resided at No. 1299, Eleventh street, Bellingham, is now on his way to join the insurgent forces of Gen. Madrazo in the Mexican rebellion. Monahan's wealth lay in his property and he derived large rentals from saloons. He has sacrificed his holdings in order to join the Mexican rebels as quickly as possible.

SHOT DOWN IN COLD BLOOD.

Four Unarmed Men Ambushed.

Sheriff Pursues Murderers With Indian Trailers and Hounds.

Governor to Offer Big Reward for Capture of Desperadoes.

Details of Horrible Crime Near the Nevada and California Line.

(ASSOCIATED PRESS NIGHT REPORT.)

ALTURA (Cal.) Feb. 12.—Details of the murder of Benny Cambron, J. B. Laxague, Peter Erasmuse and B. Indiana, wealthy sheep men of this county, whose bodies were found near Denio, Nev., received here today show the tragedy to have been one of the most atrocious crimes in the history of this region.

The men were all unarmed and intent on a peaceful mission at the sheep camps near Denio when they were shot down, stripped of clothing and valuables, and their bodies concealed by the murderers who rode away on the fine horses of the ranchers, after shooting their own half-starved mounts.

MURDERED IN CANYON.
Indiana left home three weeks ago to meet the other three ranchers at Denio and accompany them to the sheep camps near Denio. The road to Denio and from there to the sheep camps, leads through the Little High Rock Canyon, four miles from the town. It is learned that when he arrived in Denio, Mr. Indiana told of seeing several freshly slaughtered beavers lying on the sides in the canyon, also of seeing two horsemen near the place.

It is the theory of the dead men's friends that Indians surprised cattle thieves and their work and that the ranchers, seeing him returning with others, thought they intended to give battle, and fired on him.

The canyon was searched once without result after the bodies at the sheep camp, to learn why their employers did not arrive as arranged, gave the alarm at Denio, about two weeks ago. It was then feared the ranchmen had been killed in the snow.

BODIES PITCHED INTO CAVE.
Other searching parties were organized and finally one of the searchers found tracks leading from where the cattle had been slaughtered.

Following the trail to a hidden cave he came upon the four bodies as they had been dragged to the cave and thrown one upon the shoulders after being stripped. Nearby lay the four ponies of the murderers where they had been led into the underbrush and shot. The bodies of the murdered men were taken to Eagleview yesterday, and the funeral will take place tomorrow.

The sheriff of Washoe county came here at 5 o'clock this morning to recruit a posse and take up the man hunt. The party set out immediately, taking, besides a company of well-mounted gun fighters, several Indian trailers and a pack of bloodhounds. Even without the dogs, the sheriff believes his Indians will find him within a radius of the quarry despite a few weeks' start.

So intense is the feeling here against the murderers that it is freely said they will never reach a jail even if taken alive.

All the victims except Cambron left families.

ODDIE TO OFFER THOU-SANDS FOR CAPTURE.

(ASSOCIATED PRESS NIGHT REPORT.)
RENO (Nev.) Feb. 12.—Gov. T. L. Oddie announced today that tomorrow he would proclaim a reward of \$5000 for the capture of the murderers of Harry Cambron, J. B. Laxague, Peter Erasmuse and B. Indiana, whose bodies were found Saturday in Little High Rock Canyon, Washoe county, Nevada. The Cambron-Cattle Company also announces a reward of \$1000.

The posse which left Reno yesterday at 8:30 p.m., reached Altura this morning at 5 o'clock, and prepared to go on to Eagleview, forty miles distant.

REPORTER IN TROUBLE.
A. G. Scholz, who says his crime is rampant in San Francisco, sued for Criminal Libel.

(BY DIRECT WIRE TO THE TIMES.)
SAN FRANCISCO, Feb. 12.—[Exclusive Dispatch.] Arthur G. Scholz, the architect who in an address before the Mission Promotion Association declared crime rampant in the Mission, was arrested yesterday on a charge of criminal libel, sworn to by Mrs. Lena Bishorn, proprietress of the Casa Blanca Apartment Hotel.

Chief Reymour received a letter from the Mission Promotion Association containing a resolution passed by that body, expressing the confidence of the members in the efficiency of the police department and branding as false the statements that lawlessness is prevalent in the mission. The association advises that the police force Scholz to retract his statement.

(ASSOCIATED PRESS NIGHT REPORT.)
PHILADELPHIA, Feb. 12.—Mr. and Mrs. Heyman Berkowitz and their five children were killed by illuminating gas in their home in the Ghetto here today.

The gas was escaping from a tube which connected a gas stove. The father was seen by neighbors coming home about 1 o'clock this morning and it is supposed he accidentally stumbled against the tube, putting it away from the fixture on the wall.

CALLS HALT ON COURT-DODGER.

Aged San Francisco Capitalist Must Appear in Contest Over Million-Dollar Estate Left by Son.

(BY DIRECT WIRE TO THE TIMES.)
SAN FRANCISCO, Feb. 12.—[Exclusive Dispatch.] Judge Graham yesterday indicated that the game of hide-and-seek which has been in progress between Cortland S. Benedict, the aged San Francisco capitalist, and his daughter-in-law, Mrs. Emily W. Benedict, must come to an end.

Benedict is contesting the will of his dead son, F. J. Benedict, who left an estate in this city of nearly \$1,000,000. Under the will of the dead son, all this property passes to Mrs. Emily Benedict. The elder Benedict says this property was not the son's to will, as it was a portion of the property which he inherited from his son's mother. Benedict's lawyers claim he has not been legally served to give his testimony, but the judge declares the service was good and he must appear at once.

SHIPPING SNOW SOUTH TO MELT.

Illinois Central Railroad Takes Novel Method of Ridding Its Chicago Yards of Blizzard Drifts.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, Feb. 12.—[Exclusive Dispatch.] Here's a novel scheme for ridding Chicago of snow, for which the Illinois Central Railroad stands sponsor. The railroad has made a practice of filling coal cars south-bound with the snow from its yards and shipping it south. Most of it melts en route. What is left when the cars reach their destination is shoveled out and melts in a short time.

In as much as the cars are wanted in the South, anyway, it is figured that the scheme is better than paying for the hauling of the snow to Lake Michigan.

Residents of Centralia, Ill., according to a telegram received from there today, were astonished early this morning when fifty coal cars loaded with snow dripped through the town.

AMERICA'S TRADE INCREASING.

Seven-Year Period Just Ended Witness Doubling in Traffic With Non-contiguous Territory.

(ASSOCIATED PRESS NIGHT REPORT.)
WASHINGTON, Feb. 12.—Within seven years the trade of the United States with its non-contiguous territories has doubled in value, according to figures of the bureau of statistics of the Department of Commerce and Labor.

In a statement dealing with this trade it is shown that in 1910, the trade with Alaska, Porto Rico, Hawaii, the Philippines, Guam, Tutuila and the Midway Islands amounted to \$22,491,343. In 1917 it amounted to \$100,107,234. The report shows that in seven years the increase was 52 per cent. in the value of merchandise shipped from the territories to the United States, and 128 per cent. value of merchandise shipped from the United States to the territories. The principal articles shipped to the territories during the last year were manufactures and food stuffs. Hawaii alone invested \$750,000 in automobiles.

EITHER SISTER WOULD DO HIM.

Massachusetts Man Sued for Breach of Promise by One and Wins Other From Her Husband.

(BY DIRECT WIRE TO THE TIMES.)
BOSTON, Feb. 12.—[Exclusive Dispatch.] Falling in love with two sisters, one of whom is married, as a result of which the married sister has been estranged from her husband, is the substance of charges that are made against Charles A. Eaton, a wealthy Dedham farmer, against whom William K. Delaney has brought suit for \$25,000.

The married sister to whom Eaton is alleged to have paid too much attention is Delaney's young and pretty wife. Delaney charges alienation of his wife's affections. The wife, in an interview yesterday, denied that she had done anything wrong.

The other sister with whom Eaton is alleged to have spent much time is Miss Margaret E. Kenny. She is older than Mrs. Delaney. She brought suit against Eaton for breach of promise of marriage not long ago, but the case was settled out of court.

SUBJECT: "IN AND OUT OF PRISON."

RECIPROCITY TREES CONGRESS.

Members See Possible Extra Session.

Mr. Taft Complacent Over Vote Outlook.

Democrats to Confer on Pact Tuesday.

(ASSOCIATED PRESS NIGHT REPORT.)
WASHINGTON, Feb. 12.—Members of Congress would like to know whether they are to be permitted to break ranks on March 4, or whether they must linger in Washington for an indefinite period to act upon the Canadian reciprocity agreement in extra session. There is foundation for the report that President Taft views with entire complacency the solicitude of members of the Senate on the subject of an extra session.

Several Senators who feel there is no chance of the approval of the agreement at the present session, hold that this view is not shared at the White House.

The President has met all pessimistic predictions with the suggestion that he is willing to entrust the agreement to a vote. He has never said, for publication, that he would call an extra session if such a vote was denied, but Senators have failed to obtain assurance that he would not do so.

The McCall bill to carry out the provisions of the Canadian agreement, having been reported to the House from the Ways and Means Committee, probably will be brought up tomorrow. Immediate consideration will be asked. If an agreement to that end is opposed, the supporters of the bill will seek a rule for limitation of debate and inhibition of amendment.

In view of the Republican domination of the Committee on Rules, headed by Rep. Dabell of Penn., who is a member of the Ways and Means Committee, voted against the reporting of the bill it may not be possible to secure such a rule. At the same time there has been manifested thus far no organized movement toward the prevention of a vote in the House.

The consideration of the bill, nevertheless, probably will result in one of the liveliest debates of the session.

The Democrats of the House are pledged to the reciprocity agreement under the recent caucus action, although a handful of the minority will oppose the measure.

A conference of Democratic Senators has been called for Tuesday but it is expected an adjournment will be taken until the House has acted upon the agreement. Several Democratic Senators feel that they ought not to define their attitude on the matter until they learn in what form it has been presented.

The indications are that Senator Brown of Nebraska will not have to invoke his threatened opposition to appropriation bills in order to bring about votes on the discussion providing for popular election of Senators the Lorimer case, a service pension bill, and the bill to create a permanent tariff board.

The situation in regard to these measures is changing during the past week. It is probable now the Senate will vote upon all before the session adjourns.

A careful canvass was made to justify the statement that the sentiment as to these measures may be described as follows:

Popular election of Senators probably will be defeated by reason of the injection of the race question into the discussion of the resolution.

An amendment to the resolution already has been offered by Senator Sutherland which Southern members say is obnoxious to them as was the "Force" bill. It seems practically certain this amendment will be adopted and its effect certainly would be to alienate Southern support, thus making impossible the necessary two-thirds vote of the Senate for the main resolution.

The fate of Senator Lorimer is doubtful. All polls that have been made have been based on the Beveridge resolution which declares the election of Senator Lorimer to have been accomplished by corruption of the Illinois legislators. If the case should come before the Senate in that form, the indications are that the election would be declared invalid and his seat vacant.

WIRE TO THE TIMES.

LAKE, Feb. 12.—[Exclusive.] Ely and Willard in Curtiss

crossed the Great Salt Lake

at the extreme end of the open

the salt lake aviation meet

at noon. This was the first time

that a man has been crossed by

hundred cheered as Ely left

and soared majestically

over Great Salt Lake. More

greeted him as he returned

thirty minutes later.

That was duplicated a few min-

utes later with beautiful aerial

stunts, almost turning his diplo-

ma in loops. Then, both

appeared in the air at the same

time, each with a different

maneuver as if they were

in a race. A flock of seagulls, started

by the noise, attempted to out-

disturb the aerial display, but

they were quickly driven

away by the speed of the

planes. The crowd of spectators

was estimated at 10,000.

Willard, a California ama-

teur, was unable to get off the ground

again tomorrow. Ely and

Willard are to fly the 1500

feet altitude record. This

was not sufficient to float

himself in his kite. Willard

is a Lieutenant Alva Lee of the

United States Infantry and

is a flight instructor.

The night would be dazzling bright and all of the surrounding mountains covered with fog. Only seen sparkling in the peak of a neighboring mountain the sun would be in the sky for a few minutes and the mist for perhaps an hour.

Southpaw Header.

(BY DIRECT WIRE TO THE TIMES.)

PORTLAND, Feb. 12.—(Exclusive Dispatch.) When the Beaver squad gathered next week at Santa Maria for the 1935 round-up, its weakest point will be in the pitching staff. McCredie thinks he has obtained some fine new material, but he does not know. With the single exception of Steen, the Portland team will start the 1935 season with an untried pitching staff. Steen is a gain in the line-up, but his form last year was not such as to inspire confidence in his prospective 1935 performances.

"Of the other twirlers, Kenner Kostanar looks up as the most likely of the bunch for the reason that he is an experienced pitcher and has worked in this league before. He served with the Cleveland club last season, but like all our youngsters just breaking into fast company and with a gain that is a second division contender, he was kept on the bench in deference to the veterans in that club.

"Frank Bates, Archer, a southpaw twirler from the Davenport team of the Three Eye League, seems to be the only left-hander. McCredie has lined up this season.

"A record of the performances as told by standings last season of the pitchers in McCredie's 1934 lineup follows:

Steen, Portland	Portland	17	11	3.00	1.00

VICTORY GOES
TO MCCORMICKS.WY FIRST GAME EASILY AND
TIE THE SECOND.

Fans See Contests Well Worth Looking at for Good Plays Are Numerous. Giants Make Two Runs in First Game With Home-Run Hits—Hatch Does Fine Work.

McCormicks, 4; Giants, 2. First game. McCormicks, 4; Giants, 2. Second game, tied at 1-1. The two fans who went out to the Vernon grounds yesterday had all they needed in the way of Sunday baseball excitement, for the Giants and McCormicks put up two slashing good ball games that kept the crowd interested for four hours. There were many pretty plays in both games.

The big feature of the first game consisted of two home runs by the Giants, and these represented all they could do with Lafferty. He had them walking sideways in every inning but for those lucky home runs by Pettus and Moore, and home runs are always lucky. The blacks would have been lunked.

Wickware was the goat and the McCormicks went to him straight in the first inning for three singles, a sacrifice and a pass and scored three runs that were enough to win. In the fourth they got another run on Pettus's miff of a throw to first, a steal and a double by Seaton.

The home run by Pettus in the third inning was one of the best ever made at the Vernon grounds, for the ball was knocked high over the clubhouse in deep center field and the second inning hit high over the left fence.

SOME TIGHTNESS.

The second game was scheduled for seven innings, but it went nine and was then called with the score tied at 2 to 2. The McCormicks should have won this one also and could have done so had Hatch recalled better coaching at third base in the fifth inning.

Williams and Hatch pitched this game and Williams would have won it on pitching alone, for he held the McCormicks while Hatch pitched. The game was touched for time. The game served to again introduce Hatch to the local fans, and his work was carefully noted, for he is a Covina, Calif. native and has been turned out to the North Coast League. He played a good ball but seemed to suffer from stage fright at the start, but as the game progressed his courage returned. The good things in this game were three pretty double plays by the McCormicks, the one in the seventh inning by McKay, Lindsay and Mares being a very fast one. The Stovall also shone in center in the first, when he grabbed Winston's sharp fly and

The racing card at the Coliseum track yesterday was fast and exciting. No records were broken but the time was good and the crowd saw one of the best exhibitions of motor racing that has been pulled off in Los Angeles.

The international race between Whitell and Renel, the French racer, proved an easy victory for the local rider. Renel used his three-cylinder, twenty-two-horse-power "Anzani" machine. It is a powerful motor but the rider could give it the limit but the Coliseum boards are not such a safe place for a rider to take chances.

The machine could undoubtedly make a remarkable time on a track where the rider could give it the limit but the Coliseum boards are not such a safe place for a rider to take chances. Whitell probably could have gained a much larger lead on his opponent than he did. He took the first two heats without any trouble and the time was far below his previous records.

REAGAN REACHES TOWN.

SCRAPPER LOOKS GOOD.

Jimmy Reagan, the young scrapper from Portland and Salt Lake, who is to fight Young Rivers at the Vernon Arena February 22, arrived here last night. He says he weighs 126 pounds in his street clothes and is in fair condition, for he has been training a big lot of amateurs recently in the Northwest.

He is a likely looking kid with fresh, ruddy cheeks and says he is confident of beating Rivers. He certainly has enough confidence and declares that if Rivers beats him, the Mexican will know he has been to a fight. Jimmy to the East Side camp to train and the Turk has been secured as general over-seer.

BROTHERS-IN-LAW FIGHT.

(ASSOCIATED PRESS NIGHT REPORT.)

EUREKA, Feb. 12.—Henry Quick and Henry Sanders, brothers-in-law, camped at the Eureka Hotel, Eureka, Calif., today. The local enthusiasts claim it is a world's record. No official time exists for this distance on a nineteen-mile course, so that it is impossible to determine just how this time compares with that of eastern skaters.

Joe Schall, the five-year-old boy who is the rink mascot, skated an exhibition three laps in 44-3/4 seconds, a certain raiser. The little fellow shows remarkable form and seems to be a coming winner.

The four-mile race of the series between Wolfe and Martin is to be pulled off next Sunday. Much interest is being aroused over the match.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES

ELOQUENT PLEA FOR KOREANS.

Methodist Bishop Seeks Aid in Extending Work.

He Calls Them a Nation of Broken-Hearted People.

Will Devote Today to Lincoln-Valentine Affairs.

(From the Times, 20 S. Raymond avenue.)
PASADENA, Feb. 12.—Every seat in the First Methodist Church was filled yesterday morning to hear an address by Bishop Merritt C. Harris on the great progress now being made by the Christian missions of Korea. There is no better authority on the great missionary work which has been accomplished by the Christian missions in Japan and Korea than the Bishop Harris. Almost his entire life has been devoted to the missionary cause and to a study of the laws and customs of Japan and the Orient.

He is 64 years of age and a veteran of the Civil War, having served three years with the Twelfth Ohio Volunteer Cavalry. He began preaching in 1869 when he was a member of the Pittsburgh, Pa., conference of the Methodist church. In 1873 he was sent to Japan, where he remained until 1888, when he was made superintendent of the Christian mission of the Methodist church in San Francisco, establishing missions in Hawaii and the Pacific Coast. He was elected bishop of Japan and Korea in 1904, since which time he has lived continuously in those countries. He is author of "One Hundred Years in Missions," and the "Japanese Proverbs," the latter book, being written in Japanese.

Bishop Harris' mission in the United States, at this time, is to solicit aid for the missions of Korea, which country he stated, at the present time, "is the center of Christian thought for the entire Orient." "The country is small," he continued, "but it is the center of the Christian world, and all because Christ has come just at the time when it seemed to the people of that country that everything was lost. They are a broken-hearted people, but they find a new life and new courage in Christ. For 600 years a proud dynasty robbed Korea of her religion, of her literature, of her art. They were proud to the dust. Then Christ came with His infinite pity and sounded forth the joyous notes of liberty and religion and the reign of the Gospel became a reality."

"That explains my mission here today. The people of that country are crying for teachers, preachers, nurses and doctors. Our missionaries are doing a noble work, but the labor imposed upon them is breaking down and last year we had to send sixty-five of them away for rest. All of the evangelical churches of Korea are working together. Several years ago we held a conference and decided to stop duplications of work. We all work together in the same cause and with the same purpose. Christ is accepting our Korea, China and Japan and is bringing them closer together. They are happy and rapidly doing things the same way. There is peace in all Korea and peace in all the Orient. Christ, and His church, are all that great expanse of country, with its hundreds of millions of people, in loving peace and harmony. The work being done by the missionaries in that country is doing more for universal peace of the world than any other thing or all other things put together."

WILL CELEBRATE.
The spirits of Lincoln and St. Valentine will vie with each other today in the very large number of functions which will be given in their honor. Yesterday was the anniversary of the birth of Abraham Lincoln and tomorrow is St. Valentine's Day, but the former came on Sunday, and believing that all of the citizens of the city were about to be cheated out of a holiday, Mayor Earley hastily declared Monday a "no-work" day. Thus all business will be suspended and the city will have a double holiday. Tomorrow will be Valentine Day for both the Mayor and Council, because it is the day set for the Council meeting and the city printing bids will be received.

Today and tonight there will be celebrations and festivities. Pasadena is just now filled to overflowing with people who are seeking pleasure. The visitors will be happy in their thought of the friends wading through snow drifts and freezing their toes and ears while they themselves are basking in sunshine, playing golf, motoring, dancing, playing bridge, drinking lemonade and shaking oranges from the trees. The home people will be happy helping the visitors spend their money.

There will be golf at Annandale and the Raymond links. There will be dances in the home, and the parties and teas galore. There will be Lincoln dinners and Valentine dinners. Benjamin Chapin, the noted impersonator, will entertain the members of the Shakespeare Club tonight with a number of impersonations of Lincoln, including a short address, a home scene at the White House, the master of men gaining confidence, witty, humorous stories, the hero of the dark hours of the Civil War, the victor and martyr.

TRIP TO RIVERSIDE.
The Pasadena polo team will leave this morning for Riverside, taking with them their ponies, sticks, balls and other paraphernalia. Both teams will participate in the invitation polo tournament which will be given at Riverside the latter part of the week. The Pasadena team won the honors at the Coronado tournament, but lost out in the home tournament a few weeks ago. The players have been doing some hard work and expect to bring back the cups from Riverside.

WILLIAM FREEMAN DIES.
William Freeman, an old pioneer of Pasadena, died at his home, No. 273 Pleasant street, yesterday afternoon, aged 81 years. He was a native of Sweden and came to this country at the age of 13 with his parents. He lived in Wisconsin until 1850, when, with his family, he removed to Pasadena. He was survived by a wife and three children, Oscar Freeman of the Pasadena Manufacturing Company, Mrs. Harold Fish and Mrs. A. E. Hall, at the present time in Pasadena. The funeral will be held Tuesday.

SUNDAY RECEPTION.
One of the elaborate society affairs

of the year was the Sunday afternoon reception, given yesterday, from 4 to 6 by Mr. and Mrs. Robert Flint at their new home in Oak Knoll in honor of Mr. and Mrs. William Thaw III, who are spending their much advertised honeymoon in this city. Sixty well-known society men and women were invited to meet Mr. and Mrs. Thaw. The hostess was assisted in receiving by her mother, Mrs. James Gray of Pittsburgh and her sister-in-law, Mrs. Harry Gray of Oak Knoll.

FT. MOOT WINS BATTLE.
One of the jolliest affairs of the season at the Valley Hunt Club was the military 500 party given Saturday night, at which eighty members and friends engaged in furious bombardments and mortal combats with cards. Twenty tables were arranged with four players each. Each table represented a United States fort and was decorated accordingly. The decorations of the room were all military and martial music was played by the orchestra. The engagement started early and continued with terrific fury for four hours. The defenders of Ft. Mott, displayed more valor and more courageous attacking fleets than the other participants and in their victorious march left a trail of defeated heroes and heroines strewn down the long hall. To the victors belong the spoils, and the hard-fought battle was awarded to Mrs. F. Mott, Mrs. H. Banks, Mrs. Isabel Bates Winslow and the Misses Esther and Polly Hughes.

DRAWN HALF MILE.
Patrick Clifford, a laborer working for the Montgomery Construction Company, which is building a section of the county foothill boulevard in Altadena, was severely injured last night by being dragged a half mile by a runaway mule. Clifford sustained a badly sprained left ankle, sprained right wrist and many bruises on the body. After unhitching the team of mules, at quitting time, Clifford tried to mount the mule, but he was pulled back when his other foot slipped. The mule took fright, Clifford's foot caught in the chain harness and he was dragged into camp with his head and shoulders bumping along the road, with the mule, all the while, trying to break the speed record. Clifford was taken to the Pasadena Hospital.

WANT LIBRARY.
The Washington Heights Club of North Pasadena will make an effort to get a Carnegie Library established in that section of the city. A movement has been started to buy a suitable lot, after which Andrew Carnegie will be asked to make a donation sufficiently large to build a building and install the library.

George W. Stimson of South Orange Grove avenue has declined the honor of being the standard bearer of his friends for the Mayoralty campaign. He states that his time is all occupied and then he wants to make an extended trip abroad during the coming summer.

Woman With Wide Knowledge of California's First Days Delivers a Lecture of Exceptional Interest.

Bishop Conaty Confirms Big Class and Preaches Able Sermon.

POMONA, Feb. 12.—At the recent "California Day" programme of the travel section of the Ebell Club, held at the clubhouse, there was displayed a remarkable collection of Spanish, Mexican and Indian curios, including baskets, rugs, pottery, stone implements and articles of needlework loaned by local women.

Mrs. F. P. Brackett, wife of Prof. F. P. Brackett of Pomona College and daughter of the late Cyrus Burdick, one of Pomona's pioneers, read an interesting paper on "The Early Days of California," relating particularly to this valley. Mrs. Brackett was going here and related a fund of entertaining anecdotes regarding the early history of Pomona Valley, when Spadra was the principal settlement, social center and railroad terminus of the Southern Pacific.

Mrs. Brackett told of the adobe homes of the early Spanish residents located where is now Orange Grove avenue, when the Palomares, Nejar, Soto and Yorba families were prominent in the valley. Mrs. Brackett was going here and related a fund of entertaining anecdotes regarding the early history of Pomona Valley, when Spadra was the principal settlement, social center and railroad terminus of the Southern Pacific.

CLASS CONFIRMED.
Bishop Conaty was here today and gave confirmation to a class of seventy aspirants at the High Mass at St. Joseph's Catholic Church. The Bishop delivered the sermon and gave the exhortation to the aspirants. The ceremonies were largely attended. This afternoon Bishop Conaty went to Ontario and confirmed a class of twenty.

HANDKERCHIEF CAUSES DEATH.

Aged Man Kills Himself on Account of Illness.

Seaside Council Wants Advice of Voters.

Calls Mass Meeting That Wishes May Be Known.

LONG BEACH, Feb. 12.—John E. Martindale, aged 74, committed suicide last night, at the home of his daughter, Mrs. H. V. Johnson, on Kinta avenue, by choking himself to death. His dead body was found this morning at 7 o'clock, lying in bed fully undressed. Death had occurred during the night.

Mr. Martindale came here from Chautauqua county, New York, five years ago. He has a brother Lloyd S. living in this city and another brother, Emory D., is an attorney in Los Angeles with offices in the Bryson building. Recently he has been acting queerly and this with the fact that he had recently sustained some money losses and was ill is supposed to have been the cause of the act.

Last night he retired about 7 o'clock and that was the last seen of him until this morning when his daughter went to his room to call him. As he did not answer she investigated and found him dead. He had taken his handkerchief, fastened it around his neck and then using his knife as a lever had made a tourniquet of the handkerchief and twisted it until he choked to death. A physician called at 10 o'clock and that the dead must have been committed sometime about midnight. The body was taken to a local morgue and awaits the action of the coroner.

WOMAN DIES SUDDENLY.
Mrs. Eliza Spohn, aged 70, died last night at her home in Court drive. Death came as the result of exposure, sustained during the day when suffering with congestion of the lungs. Mrs. Spohn dragged herself to the door and shouted for help. She leaves a son who resides in Los Angeles.

UNIQUE TOWN.
Ever since it was a mere hamlet this city has been unique in one particular. Whenever a public question agitated the community and sides were taken on the matter, with neither willing to take the initiative, a mass meeting was called, the question thoroughly thrashed out and the will of the majority taken as the proper settlement of the vexatious matter. In the majority of cases this proved eventually to have been the wisest course, and so today in this city of nearly 35,000 people, the Council sometimes decides that the town meeting relieves them of embarrassing situations and with this in mind have called a mass meeting at the auditorium for Tuesday night, to receive instructions upon a matter which involves the expenditure of perhaps \$150,000.

The question at issue is the proposed opening of American avenue, the direct route to the city from the boulevard from Los Angeles, through the bluff from Ocean avenue to the beach, a distance of perhaps 400 feet. The project involves the closing of private individuals and fronting a wide and busy thoroughfare is regarded as a matter which will not be lost sight of in the coming election.

At first it was decided to open the full width of 124 feet and assess the cost of the project at \$150,000. The project was raised and the Council enlarged the district. This lessened the objection but those who would be charged with the cost of the project would not get full value for their holdings. In fact on every hand Councilmen were unhappily told of one half a dozen factions each with a different solution to the difficulty, so that the matter has finally become a nightmare.

The project involves the closing of private individuals and fronting a wide and busy thoroughfare is regarded as a matter which will not be lost sight of in the coming election. At a meeting of the residents of the far eastern part of the city held last night, resolutions were adopted praying the Board of Supervisors to retain the present boundary line of the city. The agency of H. D. Blanchard of Covina, for Paul Shoup, and others of the Pennsylvania railroad, who bought the land several years ago for speculation.

An announcement from the office of the County Horticultural Commissioner given out this week to Covina ranchers, is to the effect that it is ineffective spray or fumigate the pepper trees. Much of this work has been done here, owing to a statement which originally came from the same source, that the pepper tree was a menace to citrus orchards on account of its being such a prolific scale-breeder. It is found, however, that the peppers are too large and sprangling to be reached by such methods as apply to orange trees in spraying and fumigating. Commissioner Meserve deprecates the tendency to cut down Chamberlain's Liniment and you will get quick relief. It costs but a quarter. Why suffer? For sale by all dealers.—(Adv.)

HERMOSA HOSTELRY BURNS.
Blaze of Unknown Origin Destroys Several Thousand Dollars Worth of Property at Beach.

HERMOSA, Feb. 12.—The Hermosa Hotel Building and a room residence adjoining, owned by Mrs. D. M. Barthe, were burned to the ground last night. Through the prompt work of citizens, who fought the fire, the hotel building was saved. A portion of the furniture of the hotel and the contents of the Barber Asphalt Company, that occupied a room in the hotel building, were saved. The loss of the hotel building, estimated at \$4500 and that of the Barber Asphalt Company at \$1000.

The origin of the fire is unknown. The hotel having been first noticed by the hotel building people on the Los Angeles car at 10:30 o'clock. The building has been occupied recently only by Mr. Butcher and one other man and both men were away when the fire started. It is supposed the
